

THE SHIELD

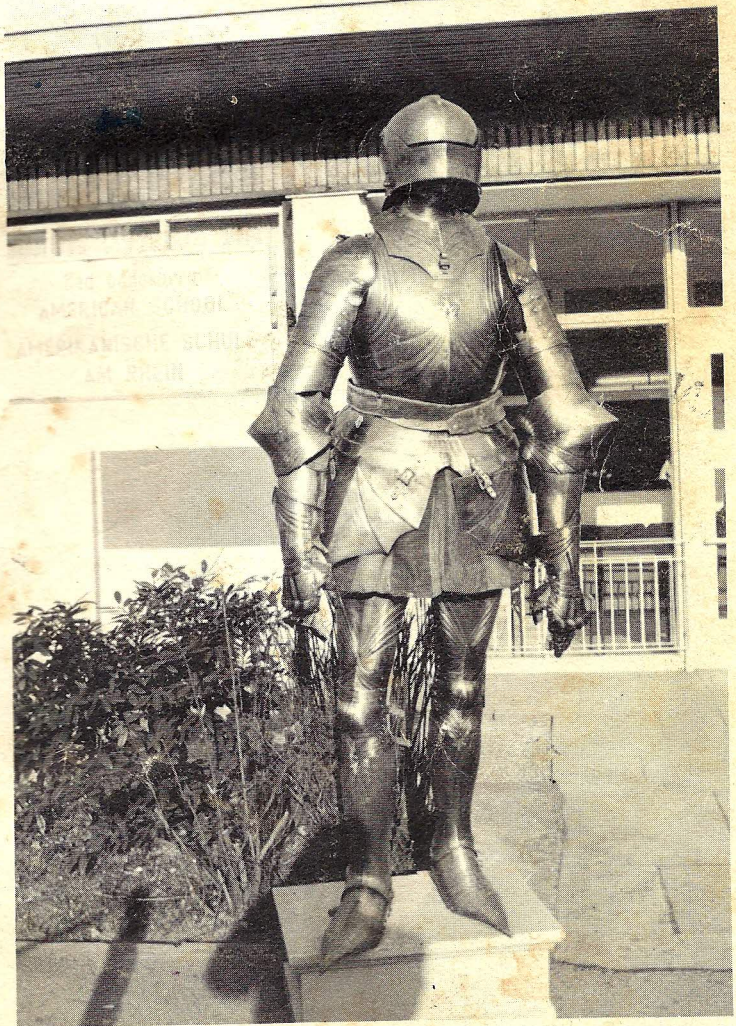

FOREWORD

In days to come we hope that this book will grow in value. Many years from now, you will leaf through this 1966-67 annual and recall various experiences in this school. Many of them will be brought to life by the sight of an old friend's face.

We on the annual staff sincerely hope that the 1967 SHIELD will help you relive your school days, and that it will find you closer to your present friends, so they may not be forgotten later on.

We would like to thank the faculty, students, and friends who helped us to make this yearbook possible.

Now we present to you, students and faculty of the Bad Godesberg American School, your 1967 Annual.

Bad Godesberg American School
Bad Godesberg, Germany

AMBASSADOR OF THE UNITED STATES GEORGE C. McGHEE

As another year draws to a close at our American School on the Rhine, I wish to extend a parting word to those who are leaving us. I wish them a wealth of new and rewarding experiences as they continue their education. To those remaining- I say - "Carry on. Remember that the whole community is watching your endeavors." To all - I extend congratulations for helping establish the excellent reputation our school enjoys.

We are proud of the international character of the American School on the Rhine. In keeping with the best traditions of American education, it brings together children of many nationalities. We are sure that our pupils will make the most of their opportunities-to work together and gain a better understanding of one another.

We are proud of the fine record made here by those who are graduating. We watch them depart-confident in the knowledge that they will capably acquit themselves in the halls of higher learning. They have a special obligation to share the experiences they have gained in our community. I know that all of them will fulfill this obligation.

ADMINISTRATION

Wayne L. Dahlgren, Principal

A MESSAGE FROM OUR PRINCIPAL

The end of a school year is a time for looking back and for planning for the future. A time for reviewing the accomplishments of the past year and for looking ahead to accomplishments still to be made. The Shield is an example of just such an attainment. For the first time we will have such a souvenir to serve as a remembrance of our years in Bad Godesberg. I thank the year book staff and its adviser, Mr. Le Blanc, for making this possible. I also offer congratulations on a truly worthwhile achievement. I know that all of us will keep this as a reminder of the good times, the hard work, the teachers, friends, the activities and many other things that contributed to making this a wonderful and worthwhile experience in our lives. I will miss those of you who are leaving. For those returning, I offer you a chance to work with me toward an even better school year next year.

Richard L. Le Blanc, Assistant Principal
